

COMPANY NEWSLETTER JANUARY 2020 Organic Vision Issue 96.2020

2021 20TH ANNIVERSARY ANNUAL TRAVEL AND CASH REWARD SCHEMES

Time has flown by and we are already in the year 2021! The new year's travel and cash award program locations and winning conditions have just been announced. For the 20th anniversary of our company, we have decided to upgrade the usual Asian destination for the first part of the year to a trip to Australia instead! We have chosen the ultimate holiday paradise-the Gold Coast. The qualification calculation period for the first half of the year would be from January 1, 2021 to June 30, 2021,

and the second half of the year is from July 1 to December 30 of the same year. Act now and seize this rare opportunity! And the most anticipated destination of our international destination will be the ancient South-eastern European country of Greece! This country has rich cultural heritage, with its numerous museums and art galleries, as well as gorgeous natural landscapes, complete with sapphire blue seas and stunning pastel blue skies, volcanic beaches and pleasant mild weather.

Would you like to enjoy watching the sunrise over the Aegean Sea? Or take a bite of the famous Greek dish-choriatiki?

The qualification calculation period for the trip to Greece will be from January 1st to December 31st, 2021. Interested distributors can find out more details on our poster at our new office.

What are you still hesitating for? Set your business goals quickly and strive to win this rare chance of a lifetime!

FOUNDATION TRAINING CLASS FOR DETOX HEALTH COACH

In order to encourage and help our distributors to become more professional detox coaches, the company has designed some new teaching content for our nutrition courses. Our brand new nutrition course will be led by one of the company's founders, Afreen, who has 40 years of experience in the nutrition field. In addition to obtaining the "Stanford University" nutrition science certification, Afreen also has had many years of experience teaching

and coaching the public on nutrition. The content of our foundation training class will be detailed, precise yet simple and clear. Afreen's vivid teaching methods will be both educational, engaging and entertaining. Various basic aspects of nutrition will be taught and discussed. There are still a few available classes left in January. Anyone

who would like to step up and deepen their existing knowledge of nutrition is welcome to enroll in our advanced training classes. The advanced training class will officially start on February 27. Anyone who is serious about becoming a professional detox coach must take the opportunity to enroll in this upcoming course.
