

HONG KONG DIRECT SELLING ASSOCIATION WELCOMES ORGANIC VISION!

Organic Vision is proud to announce its acceptance into the Hong Kong Direct Selling Association (HKDSA)! The HKDSA regulates product selling and distribution methods amongst direct selling companies in Hong Kong, ensuring that fair and moral ethics are adhered by associated companies. HKDSA also tries its best to maintain a healthy consumer-enterprise relationship, and promotes fair competition within the industry. On Thursday, Oct 20th, an official welcoming ceremony was held in honour of OV's initiation into the association. An Orientation Meeting was held where OV was given the official certificate of their membership in the HKDSA. It was followed by the Annual General Meeting, where a review was conducted on the Association's past 2 years of activity and growth. This included a summary of the various charity

events the association was involved in, how they co-operated with the government, and how much revenue was generated.

Becoming a member of the HKDSA is a big achievement for OV, as such a membership gives the company an added testimony of approval and trustworthiness, both for the quality of our products, and for our marketing methods. This is also a wonderful opportunity for our company to attain more public awareness, and to solidify our branding. For our beloved

distributors, such a credential will help your clients develop added trust in our ethical business transactions, as well as help you talk to others about the company with further conviction. Feel free to share this wonderful news with your network!

GOODBYE TUMORS AND STOMACH PROBLEMS!

Past: Hi, my name is Mr. Cheung. Around mid-August last year, I started feeling very unwell, and my stomach started to bleed. After a series of health checkups, I found out that my hemoglobin count was very low, lower than half of what was average. The scarier thing was, it turned out that I had developed lymphatic cancer, and I was at the final stages of the cancer too. I had also developed a tumour in my stomach. Due to acquiring the habit of eating late at night, I had also developed a heartburn problem, as my stomach acids started to leak through my oesophagus. The doctor suggested I start chemotherapy, but I was afraid of the pain I would have to go through during treatment, as well as all the potential side effects. I was hopeful to find alternative healing solutions.

Present: Soon after, my family got to know about Organic Vision's products through a family friend, and I decided to go on an intensive 4 month Organic Detox program. This cleanse helped me to get rid of gallstones I had stuck inside my gallbladder for years. I started to feel the tumor in my stomach shrinking, and eventually disappear altogether! At the same time, drinking OV's Aloe Fusion helped me lessen my heartburn problem. In 3 months time, when I went to get me health checkup, my hemoglobin count had returned to normal! My cancer was under control, and I didn't need to start any chemotherapy! I am now able to go back to work and even play basketball! I am so grateful for my family and friends, for the opportunity to get to know Organic Vision's amazing products, to be able to get my cancer under control, to regain my health and my life back,

and to be freed from the pain and agony that comes with this illness.

OCTOBER'S AWARDS NIGHT, A GREAT SUCCESS!

This season's awards night focused on awarding the outstanding distributors who performed spectacularly on their businesses during the months of July and September. These included the welcoming of 2 new Consultants, one new Star Consultant, as well as many others who received Retail Gold and Silver Awards, and Gold and Silver Enroll Awards. They recounted their wonderful experiences using OV products, and their thoughts on building their businesses with OV. Aside from sincerely thanking the company's founders Paul and Afreen's help, support and education, they also encouraged fellow business builders to work harder together to achieve great results. The highlight of the evening was definitely Paul's enlightening speech on "How to achieve Success in the Direct Sales industry!" The theme colour for the evening was green, and all our distributors came decked in shades of the forest. However, Pimond outshone everyone with his ensemble,

winning him the title of "Best dressed"! All the photos from our Awards Night have already been posted on our website, please feel free to enjoy browsing through our gallery. Once again a big round of applause for all our winners of the night!
