Triple Defense Pack™

triple your immune system's ammunition

Did you know...

Ingesting only three oz of **sugar**¹ at one sitting significantly inhibits the ability of **white blood cells** for up to 5 hours?

Pesticides² suppress our immune functions and increases the risk of contracting **infectious diseases** and develop **cancer**?

More than 70% of deadly **bacterial infections** are resistant to at least one of the **antibiotics**³ commonly used to treat them?

Sleeping for 4 hours a night produces half the amount of **flu fighting anti-bodies**⁴ than sleeping for 7-8 hrs?

So how do we fortify our immune systems to make ourselves strong enough to ward off against becoming chronically ill? Is there another way to fight against illnesses besides taking traditional Western medicine?

Yes there is! **Organic Vision's™ Triple Defense Pack™** will offer you these **5** benefits and more!

1 Strengthen your immune system and increase the production of anti-bodies!

2 Nourish immune cells with the highest quality of phyto-nutrients!

3 Fight inflammation and cancer cells in the body!

4 Reduce your risk of contracting future illnesses!

5 Stop relying on prescription drugs and over the counter medications!

How is this possible?

Instead of only treating the symptom, our **Triple Defense Pack™** has been formulated to target and eradicate the root cause of your illness. Your body thus becomes stronger and more self-resilient naturally without the use of man-made drugs.

ImmuStrong™

We have carefully selected **48** different kinds of organically grown vegetables, fruits, herbs and seawater plants with powerful immune boosting properties. Amongst the bountiful array of anti-oxidant packed ingredients are **Wheatgrass, Spirulina, Kale & Acerola Cherries**.

Included in our beautiful concoction is **ginger**, which according to **Critical Reviews in Food Science and Nutrition**⁵, possesses antimicrobial effects. It kills cold viruses, combats chills and fever, and inhibits the production of cytokines which cause pain and swelling, making it a great tool for overcoming the flu.

Reishi Plus™

We have chosen **5** cancer fighting organically grown mushrooms and fungi, including **red reishi, shiitake, maitake, cordyceps** and **coriolus**, to bring you a potent ammunition against deadly diseases.

According to the **Journal of the Society for Integrative Oncology**⁶, **Red Reishi**, our product's prime ingredient and one of the most valued plants in the East, is well known for fighting cancer by activating monocytes and human T cells. **Shiitake mushrooms**, also selected for this product, contains the beta glucan compound lentinan, which stops tumor growth and causes existing tumors to regress, as stated in the **American Cancer Society**⁷.

Bee Young™

Bee Young helps combat the effects of damage to our cells and DNA caused by free radicals. We have carefully selected and extracted foods found from beehives that contain some of nature's best kept secrets for cell renewal, including **Blue Pollen, Propolis, Royal Jelly** and **Honey**.

Propolis, according to the **Journal of Frontiers of Bioscience**⁸, is anti-inflammatory and anti-septic, it kills bacteria and viruses before they get the chance to destroy cells. It also stimulates tissue regeneration, speeding up recovery rate from illnesses.

Expected Results

Short term:

- Symptoms of a flu, such as fever, nasal congestion, coughing, sneezing will subside in a day or two
- Symptoms of a bacterial and viral infection will disappear the more consistent you are with taking this supplement

Long term:

- Your immune system will become more efficient at healing itself-illnesses such as the flu will not last as long anymore
- You will not contract illnesses as easily. Your body's defense line will have eradicated invading bacteria, viruses, parasites and toxins before they have a chance to engulf healthy cells
