

ORGANIC VISION
QUALITY

Eye Bright™
brighten your peepers naturally!

Did you know...

According to a BBC report, up to 90% of school leavers in East Asian cities are suffering from **myopia (short-sightedness)**¹?

Astigmatism³, which affects 9 in 10 people, causes light sensitivity, eye strain, fatigue and headaches?

The blue violet light from **smartphones**² are potentially damaging to our eyes, disrupting sleep patterns and moods?

30-50 million people worldwide suffer from age related macular degeneration (**AMD**)⁴?

Sight related disorders are on the rise.

With sight being such a crucial aspect of our everyday life, is it really possible to improve it without undergoing intensive eye surgery?

Yes there is! **Organic Vision's™ Eye Bright™** will help you achieve these **5** amazing benefits:

1

Enjoy clearer, brighter vision!

2

Reduce your short sightedness and/or long sightedness!

3

Sharpen your focus and ability to concentrate!

4

Be able to work or study for long periods of time without having tired eyes!

5

Prevent the formation of degenerative eye diseases!

How is this possible?

We have selected nature's finest gifts which have been tried and tested to help generate more blood flow and nutrition to our eyes, thereby healing and nourishing the windows to our souls as nature intended.

Super Vision Enhancer: We have included **Organic Bilberry**, which according to the **Journal of Nutrition in Gerontology and Geriatrics** ⁵, fights against the cell

damage and degeneration of the eye caused by free radicals. Bilberry also contains **anthocyanidins**, which improves the blood circulation to the eye area.

It enhances the production of **rhodopsin**, photo-sensitive cells in our retina, making our vision clearer and brighter. **Gingko Bilboa** has also been added to increase blood flow to the retina, increasing visual acuity.

Anti-inflammatory agent: **Organic Eye Bright** is included to help bring relief to sore, runny eyes due to allergies or the cold, as it shrinks and soothes swollen sinuses, according to the **Pharmaceutical Chemistry Journal** ⁶.

Connective tissue strengthener: **Organic Bamboo** has been added due to its high levels of **silica** which stimulates the synthesis of collagen, strengthening the connective tissues supporting our visual health, as stated in the **Journal of Nutritional Health Aging** ⁷.

Eye disease preventer: Phyto nutrients lycopene, lutein and beta carotene found in **Organic Tomato**, **Watermelon** and **Carrot Juice**, which have been added, fights against degenerative diseases such as night blindness, and helps to maintain a clear cornea. According to the **University of Maryland Medical Centre**, beta carotene can even slow down the process of age related macular degeneration.

Directions for Use

This product is suitable for men, women and children.

Suggestion:

For maintenance of good eyesight:

Take 2 capsules daily

For healthier eyes:

Take 2 capsules with breakfast and lunch

For eye disorders:

Take 3 capsules with breakfast and lunch

To treat an eye infection:

Take 2 capsules every hour

Expected Results

Short term:

- You will enjoy sharper and clearer eyesight
- Your alertness and ability to concentrate on work will increase

Long term:

- Symptoms of your eye disorder will significantly lessen
- Cases of myopia, hyperopia & presbyopia will improve
- The amount of floaters in your eyes will dramatically decrease
