## 40 SUPERFOODS

Only the most potent and nutrient dense plants have been selected. There are more than 40 different types of **Certified Organically Grown** fruits, vegetables, botanicals and seawater plants packed into this medley of essential daily nutrition!

# HOW is this possible

We do not isolate singular vitamins, rather, we offer you a blend of plants with the essence of life inside them, full of health building nutrients which works synergistically to **enhance absorption** and aid your body in building up healthy blocks of cells.

**Acerola Cherry**, as stated by *the Journal of Food Science & Technology*<sup>1</sup>, contains **extremely high amounts of vitamin C**, helping to stimulate production of white blood cells for engulfing foreign pathogens, helping to prevent illness and disease. It aids in stimulating the production of collagen, accelerating the healing process by repairing cells, tissues, organs and blood vessels after a sickness or injury.

**Spirulina**, according to *The Food Reviews International Journal*<sup>2</sup>, brings to light that is effective at **reducing inflammation** such as itching, nasal discharge, nasal congestion and sneezing. It boosts our energy levels, lowers blood pressure and cholesterol levels. It is a wonderful anti-oxidant, protecting our cells from damage, as well as a heavy metal detoxifier.

**Echinacea**, according to *the Journal Lancet Infectious Diseases*<sup>3</sup>, cuts the chances of catching a common cold by 58 percent, and reduces the duration of the common cold by almost one-and-a-half days! It is also further anti-inflammatory, **fights infections** and helps relieve pain associated with symptoms of the flu.

**Olive leaf**, as stated in *the journal Nutrition Reviews*<sup>4</sup>, contains the compound oleuropein, which helps relax blood vessels, lower blood pressure, and prevent the formation of blood clots. It also improves the flow of blood to the coronary arteries, stops irregular heartbeats and **balances blood sugar**.

**Grapeseed Extract**, as presented in *the Journal of Medicinal Food*<sup>5</sup>, contain **polyphenols** are also known to be excellent binders of collagen fibers, improving the condition of connective tissues, and overall maintaining the elasticity of your skin, joints, arteries, and other connective tissues.
