ViaGal™ Anti-Aging Gel

Every Woman's Secret Weapon

Did you know...

Pesticides, cleaners and pollutants contain **xeno-estrogens**¹ which cause hormonal imbalances in women?

Polycystic Ovarian Syndrome (PCOS)², which causes depression, acne and menstrual problems can affect girls as young as 11 years old?

After age 30, our levels of **human growth hormone**³, responsible for youth, decline at a rate of 12-15% per year?

50% of post-pubescent menstruating women are affected by **dysmenorrhea**⁴ which interferes with normal daily activities?

So how should women attain a harmonious hormonal balance, to ensure that they stay beautiful, healthy and at peace with themselves?

Organic Vision's™ Viagal™ Anti-Aging Gel with help you achieve these **5** benefits:

1 Possess glowing, youthful skin

2 Relieve menstrual cramps without drugs

3 Experience balanced hormones and better moods

4 Prevent female reproductive disorders and diseases

5 Experience a better sex life in your marriage

How is this possible?

We have combined the theories from both **Chinese and Western Medicine** to create a powerful, potent topical gel, formulated with the highest quality of 100% organic and natural active ingredients.

Chinese Meridian Point Wisdom-the female meridian point 'Hui Yin'

According to the **Journal of Accord Integrative Science**,⁵ one of the most delicate meridian points in a woman's body is the clitoris. Meridian points in the body are generally believed to contain energy forces. Causing greater blood flow to these areas promotes a better sense of wellbeing and balance in the body. Taking this knowledge, we have designed **Viagal** to be applied in this spot.

Western Modern Science

We have placed the 2 amino acids **L-Ornithine & L-Arginine** inside **Viagal**, which, according to **The Journal of Strength and Conditioning Research**⁶ shows that they help to stimulate our own bodies to produce the **Human Growth Hormone (HGH)**. HGH stimulates growth, cell reproduction and regeneration, thus helping to delay the aging process, giving you younger looking skin.

L-Arginine also helps your body to manufacture **Nitric Oxide**, which improves blood circulation. This helps the muscles within your blood vessels relax, allowing greater blood flow to the pelvic area, nourishing each cell and maintaining healthy, female reproductive organs. The development of unsightly female reproductive problems is thus prevented.

We have also added **Menthol** to provide a more efficient absorption of amino acids and our unique herbal blend via the clitoral tissues. It offers a soothing, cooling sensation, enhancing your overall experience.

Directions for Use

Place a dollop of gel the size of a pea onto your finger with the pump. Apply on your clitoral area and wait 30 seconds for absorption.

This product is suitable for women of all ages.

- girls just beginning their menstruation
- pregnant and lactating women
- menopausal women

Suggestion

For basic maintenance of female health:
Apply the gel once every day after you shower.

For best anti-aging result: Apply morning and night daily.

To alleviate symptoms of dysmenorrhea or vaginal dryness:
Apply the gel every time you make a trip to the restroom.

Before intimacy: Apply Viagal to your clitoris before intercourse.

Expected Results

Short term results

- Better blood circulation to the pelvic area and your reproductive organs
- Instantaneous pain relief-upon 15 mins of application, symptoms of dysmenorrhea will start to subside

Long term results

- Prevention of unwanted female reproductive organ problems and avoid unnecessary surgery
- Maintenance of dewy, supple skin
