

## COMPANY NEWSLETTER JANUARY 2018 Organic Vision Issue 78.2018

### AWARDS NIGHT

The 3rd Quarter Awards Night was a great success! We welcomed **3 New Star Consultants** Carol, Christy and Scarlett, and **6 New Consultants!** Their invigorating personal thoughts and experience were a real encouragement to all in attendance.

One of the main highlights for the night was announcing the **Top 3** winners for the 30 days' weight loss challenge! The top 10 winners all received a certificate and a gift from the company to commend them on their great success on their challenge results.

Due to the absence of one of the chosen winners, a revision of the winning candidates had to take place. After some discussion and adjustments, the final top three winners were chosen: **Janny Yu** (First place), **Polly Wong** (Second Place) and **Samuel Chan** (Third place)! These top three winners received an iPhone 8, a 30 days detox pack and skin care set respectively for their hard work and commitment! Congratulations and a huge thank you again to the Top 10 winners and to all others who have participated in the challenge!

A nostalgic video highlighting some of our past events, such as the 2017 2nd Quarter Award Night and DI Course was sure to have brought back fond memories to those who attended! We also enjoyed some

hilarious travel stories from our Okinawa trip winners!

OVs 4th Quarterly Awards Night will be held on the **29th January 2018**. The theme for the evening is **Sparkles!** You will not want to miss out on the recaps and fond memories from 2017!

It will surely be a memorable evening for all. Aren't you all excited about it already? Come and share in the joy and excitement and we'll see you in January!

Top 3 winners of our 30 Day Weight Loss Challenge

## JANNY YU - WINNER OF THE 30 DAY WEIGHT LOSS CHALLENGE

"The chronic diseases I had developed because of my bad lifestyle habits was the main reason for me to join the 30 days weight loss challenge. My biological age was that of a 40 year old and I weighed 168 pounds! I had tried different weight loss products and pills before, but all it did was worsen my health issues such as having a rapid heartbeat and chronic fatigue., without making a difference in my weight.

Joining the challenge made me understand how having a healthy diet and exercising can influence your weight and health. I have lost 20 pounds within 3 months and 8 inches off my waist! My health has now improved a lot. Problems such as fatty liver (adiposis hepatica), high blood pressure, and high blood cholesterol (hyperlipemia) that I used to have, have resolved after the detox. I am thrilled with the results!

I used to think that losing weight was all about restricting yourself, but after attending the meetings, I

realized that weight loss is not even difficult if you consume the right food, and how terribly I used to treat my body!

By following the guide provided, I learned how to make my food choices carefully and since then have adapted it as part of my lifestyle. I also learned to appreciate

how important exercising is, especially for successful weight loss.

I have now fallen in love with working out and feel more energetic everyday! Not only have I changed my appearance, but I have developed a treasure trove of valuable knowledge on health and cleansing my body."

## CAROL SO - NEW STAR CONSULTANT

When I first joined OV I didn't pay much attention to developing it into a business. I enjoyed using the

products a lot. They helped me improve my health and look younger! I often introduced the products to friends and family around me since they helped me so much! Every woman on earth cannot resist products that can help us look prettier and younger! Am I right?

After several weeks, I started to notice that I was receiving cheque's from the company. I was earning money from just enjoying the products and helping others? My interest started to develop in earnest as I realized the potential of this business. I decided to attend the Developing Influence course to further develop my business strategy. I learnt how to change my

perception and develop more effective ways of communication. I started to treat people better. I listened with patience to their innermost needs and what was truly in their hearts. I never realized how important and fulfilling it was to help others get what they want out of life!

I have now become more confident in developing my own business with OV. I am extremely grateful for, not only the extra income and healthy lifestyle, the big warm family that OV fosters. They have helped me to realize my goals and potentially to grow my business. Together we can achieve our dreams! I have never found anything like this company before!

On the 18th of November 2017, the **Hong Kong Direct Selling Association** participated in a fun filled charity event that was held in the Yue Wan Community Hall.

DSA company representatives were there to assist and ensure the event went smoothly as volunteers. Our Marketing Assistant, **Vanessa Kwok** represented Organic Vision Limited to take part in the event, and had a great time getting together with all the adorable kids!

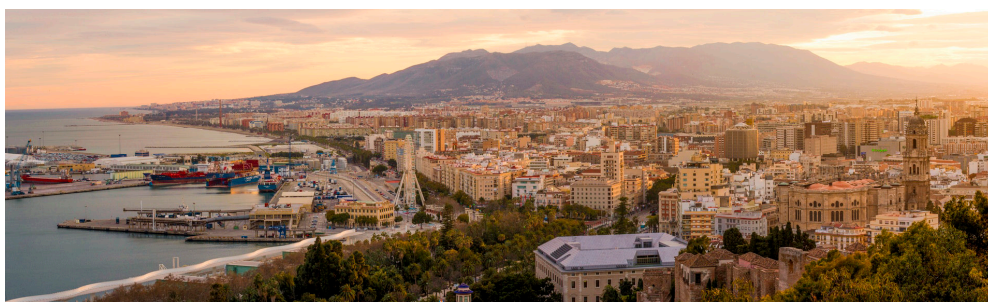

The purpose of the event was to

enable children to learn through games and activities, and to cultivate their creative skills while interacting with the others. The children even made us some sweet thank you cards! The event was a great success and everyone left feeling happy to have contributed.
