

COMPANY NEWSLETTER MAY 2020 Organic Vision Issue 92.2020

2020 DETOX CHALLENGE

Recently, the temperature has gradually increased, and summer clothes in our wardrobes have begun to make their appearance. Summer is upon us again, and our annual detox competition will begin soon.

Our summer detox competition in previous years has attracted many participants of different ages, lifestyles and health issues. We have created a friendly, warm atmosphere and community of like-minded individuals who enjoy supporting and encouraging each other.

This year, due to having been affected by the new coronavirus pandemic (COVID-19), we will not only be focusing on improving how you look physically, but more importantly, on your physical health and immunity. Our goal is to strengthen your immune cells, and fight the chances of contracting this novel coronavirus.

Organic Vision's summer detox competition this year will also feature a brand new "Beginner's Detox Set" to help friends who have never tried a detox before or who have little experience in detox-

ing. We are selling it at a lower cost in this difficult economic period, to assist everyone in trying out detoxing with baby steps.

The model of this year's detox competition has also been changed. This year's competition focuses on

overcoming "beating yourself down". Our desire is to help everyone gain better self-confidence and self-love through our competition, and to welcome the future with a renewed sense of self.

FIRST DETOX PACK

The "First Detox Pack" set is finally available! This set will be officially released on May 18.

In order to assist those who have never tried detoxing or have little experience in doing a detox, the old "Pre-Detox Pack" will be newly revamped and repackaged as "First Detox Pack".

This new package will allow you to undergo a 2-week detoxification experience at a much lower cost! It has been designed to gently get rid of the toxins that have accumulated in the body for years in a shorter period of time in a milder manner, enabling the body can get used to a healthier lifestyle without shocking it.

After completing the First Detox Pack, you may then move on to the lightly more intensive Full Detox Program 2-5-2 for another 9 or 30 days, to gradually lessen your healing crisis symptoms, and to enable you to achieve a more thorough detox and better health.

The "First Detox Pack" contains nutrient rich high-quality products to help you get healthier at a very attractive and affordable price. It is now being sold at a discounted price of just HKD\$ 2999! In such difficult times, we want to allow everyone a chance to try our detox

at a lower cost. You can also win the opportunity to receive special endorsement bonuses if you sell this new detox.

Don't hesitate and take action today! Let's all reboot our body systems and spread the word about the power of our "First Detox Pack" together!

ZOOM MEETINGS

On April 4th and 11th, though they were public holidays, our company's founder Afreen did not miss the opportunity to share the latest health information in an online discourse entitled "What Do You Know About The Novel Coronavirus?" through the platform Zoom. During this video conference session, various pressing health related questions were answered regarding COVID-19. It was an encouraging, engaging conference call, setting precedent for our future Zoom meetings.

In order to make it easier for all distributors to participate in our conference calls, from May 1, 2020, all meetings will be free of charge. They will all be conducted online through Zoom, enabling all interested ones to call in.

In order to help all our business associates to improve their health, there will be a lunchtime zoom meeting every Friday from 1 to 2 o'clock, hosted by the company's founder-Afreen. There will be a different theme each week, ranging from various health concerns, to casual chit chats and Q & A sessions.

Hoping to get the latest science based health updates at the comfort of your own home? Then don't miss our lunchtime zoom calls from 1 to 2 every Friday afternoon!

ANTONIA CHERCHI(70 YEARS OLD)

I decided to do a program with Organic Vision because I had a problem with my urinary tract that really made me suffer a lot. I had developed kidney stones in the past, and even though I had passed them out, I would often still suffer from a lot of pain. This continued for a few months, and I had no idea what was causing me such sharp, intense pain. I went to get a check-up at the doctors, but she had no idea what was going on either! So I then decided to go see a specialist, a urologist who then decided to operate on me, as they suspected that my pain was due to my urethra having shrunk.

Before deciding to go ahead with the operation, I heard about Organic Vision's detox program from my grandson, and its amazing ability to help the body heal itself naturally. So I made the decision to try this natural route of healing. To be honest, I was a little skeptical at first, as I had never tried using health supplements before. But my pain was so blindly intense I thought "Well, I honestly have

nothing to lose. Why not just try it out?" The pain was so bad that it affected my normal daily activities. I felt as if I needed to pee all the time but couldn't!

After 3 weeks of embarking on Organic Vision's pre-detox program, I was utterly shocked with the results. My pain had completely disappeared! So I decided to go ahead and continue on to the Full Detox program. After completing my detox, I lost a total of 5 kilos, as well as inches off my arms, thighs, waist, and hips. I've always wanted to lose some weight, as with age I had gained some extra kilos. None of the diets I tried in the past ever worked. But with Organic Vision's detox program I had managed to lose most of my excess fat! I am so happy with my results.

I know that this detox program is not something we're supposed to do just once in our life in order to solve a certain health issue, but it is an introduction to a whole new healthy lifestyle and a balanced way of eating. Something wonderful I've learned from my detox coach was

the amazing ability for our cells to renew and heal themselves as we detox, preventing and curing illnesses.

So now that I've found out about this powerful secret weapon, I plan on using it regularly to keep myself in good shape. I can tell you all that I feel amazing in my body now! I have so much more energy to do activities which aren't easy normally for my age. I'm going to continue living this new healthy lifestyle and detox regularly to stay young and healthy for as long as I can!
