## OV HAS SOLVED MY LONG TERM MENSTRUAL PROBLEM

Tam Hin Suet (L)

**Tam Hin Suet**  
Clerk

I have always experienced severe menstrual cramps ever since I

started having my period. I could barely even move while experiencing cramps as the pain was almost crippling. Taking painkillers was the only way I could find to reduce the pain, but it started to get to a point where even painkillers could no longer take away the pain.

Luckily, one of my friends Ashley, who works as a distributor at Organic Vision, introduced me to Viagal. To be honest, I didn't trust the product at first. To think that simply applying some kind of miracle gel on myself sounded ridiculous. But I was so desperate to

try anything that might have been able to help me at the time.

I started using it twice a day to begin with. I still experienced slight pain during the first few weeks. But as time went on, the pain started to improve. Now, it doesn't hurt at all when I get my period! I also noticed that my periods have become punctual and regular since applying Viagal. I am so happy to have found such an amazing product!

I definitely recommend Viagal to the all the ladies suffering from period pain out there!
